## Executive Summary

During the Gaza operation, the Palestinian Authority and Fatah, both headed by Mahmoud Abbas, actively and repeatedly desecrated the memory of the Holocaust by comparing Israel's measures against Hamas to the Nazi genocide:

[Israel has] become adorers of Nazism, and implement that barbaric model on the flesh of our children.”

[*Al-Hayat Al-Jadida*, July 26, 2014]

Often the PA claimed Israel was worse than the Nazis:

**“Israel... has surpassed Hitler's massacres... By calling Israel Nazi, sadist and fascist for its present actions, we are letting it off lightly.”**

[Fatah leader in Gaza Atef Abu Saif, PA TV, July 21, 2014]

[Image from Fatah Facebook – “The Main Page,” July 9, 2014]

At times, Israeli Prime Minister Netanyahu was the focus of the PA hate speech:

**“Benjamin Netanyahu is a descendant of the Nazis, worships Hitler's ways and imitates him in all the Holocausts he has perpetrated.”**

*Fatah leader and official PA daily columnist Yahya Rabah [Al-Hayat Al-Jadida, Aug. 3, 2014]*

Yad Vashem, Israel's Holocaust Memorial center, condemned what it called “demagogic abuse of Holocaust imagery and language” as desecration of the memory of the Holocaust:

*“As an institution dedicated to Holocaust remembrance, we are also gravely concerned by the demagogic abuse of Holocaust imagery and language which distorts the past as well as the current reality for political purposes. Exploiting these terms from the Holocaust, in order to incite and inflame hatred, desecrates the memory of the Holocaust.”*

PA and Fatah leaders and official news outlets used the following Holocaust comparisons and hate expressions to define Israelis and/or Israel's actions:

- “Holocaust unlike any that has been recorded”
- “Reenacting the Holocaust”
- “Surpassed Nazism and fascism”
- “Descendant of the Nazis”
- “The new Nazis”
- “Opened its gates to the death factories”
- “Holocaust state”
- “Genocidal war”
- “Holocaust war”
- “Scum is what this Hebrew state is”

- “Nazi Israeli mentality”
- “Flinging its neo-fascist flames”
- “Barbarity, arrogance, and bloodletting”
- “Surpassed Hitler’s massacres”
- “Nazi, sadist and fascist”
- “The Nazi crimes”
- “[Gaza] reminded the world of the residents of Hiroshima and Nagasaki in World War II, after the atom bombs had been dropped”
- “Israel, the rogue state, which is still blackmailing Germany, Europe and humanity with the Holocaust”

In addition to embracing comparisons between Israel’s Gaza operation and the Holocaust, articles in the official PA daily also included demonization and hate speech, as typified in the following description of Israeli soldiers:

**“Robotic soldiers from hell, burning with extremism like fiery devils, possessed by the culture of murder and death.”**

*[Fatah MP (until recently PA Minister of Prisoners’ Affairs) Issa Karake, Ma’an, independent Palestinian news agency, July 25, 2014]*

The official PA daily used its Holocaust comparison as “proof” that Israel has no right to exist:

“This war has proved once again that Israel is a completely artificial state without historic or moral roots, a myth produced by the settlement wave – a fact that prevents it from living normally. As long as it exists, it will only produce things that are against humanity... Benjamin Netanyahu is a descendant of the Nazis [who] worships Hitler’s ways and imitates him in all the Holocausts he has perpetrated.”

*[Al-Hayat Al-Jadida, Aug. 3, 2014]*

[Palestinian Media Watch](#) has reported that the PA and Fatah regularly desecrate the memory of the Holocaust with misappropriated [Holocaust](#) terminology. All of the examples in this **Special Report** were published during and immediately after the 2014 Gaza war, and are from official PA and Fatah sources. Mahmoud Abbas is chairman of both the PA and Fatah.

*(PMW released a report last month on PA use of Holocaust imagery during the Gaza war. However, as the Holocaust desecration by the PA has continued unabated PMW felt it was important to release this updated report documenting the full extent. Even after this report was finalized, PMW researchers documented three additional examples of Holocaust desecration that are not included in this report.)*

**Parts 1-3 of this report are brief quotes of the PA and Fatah comparing Israel to Nazism and the Holocaust. Part 4 includes these same citations with longer context and additional sources:**

### **Part 4: Additional examples and longer segments**

***The following are additional examples and more complete texts of the above citations, with fuller context of the PA – Fatah desecration of the memory of the Holocaust during the Gaza operation. They appear in reverse chronological order, Aug. 29 – July 5, 2014, three days before Israel initiated Operation Protective Edge in response to Hamas rocket fire on Israeli civilians.***

**Gaza resident tells PA TV: More Palestinians were killed by Israel than Jews killed by Nazis**

*Official PA Program Among the Ruins interviewed Ahmad Tannira from Gaza*  
**Ahmad Tannira:** “What happened at the Al-Zafer 4 tower was what happened in New York at the World Trade Center. Terrorism has a single face. The Jews are terrorists. They created terrorism in the world. For years, they have been complaining about the Holocaust, but they [themselves] are perpetrating a Holocaust, and even worse. How

many Jews were killed in the Holocaust? And how many Palestinians, how many Palestinian children did the Jews kill? Many times more.”

[Official Palestinian Authority TV, Aug. 29, 2014]

*The Al-Zafer tower was a building in Gaza that housed a Hamas operations room during the Gaza war. Israel warned all the civilians to evacuate the building before it was destroyed. No one was killed in the attack. The 9-11 World Trade Center attacks targeted civilians and resulted in the deaths of close to 3,000 civilians.*

"We might have assumed that the world would explode in their [the Israelis'] faces; that the US would renounce them, and that the Russians and Europeans would adopt measures of deterrence against them – as states and societies that fought Nazism – given that no war criminal of the 20th century ever did what Israel has done."

**Official PA daily: Jewish Agency collaborated with Nazi Gestapo to massacre Jews of Germany and "force them to emigrate to Palestine"**

*Op-ed by Yahya Rabah, columnist for the official PA daily and a member of the Fatah Leadership Committee in Gaza*

"Is Israel really what it claims to be – a democratic state, a state of law, coexistence, and acceptance – or is it itself a product of the first massacre at Deir Yassin? Israel of the Etzel (Irgun), the Lehi, the Haganah (Jewish pre-state militia) **and the collaborators from the Jewish Agency, who worshipped the gods of their enemies, and formed an alliance with the Nazi Gestapo to organize massacres against the Jews of Germany, to force them to emigrate to Palestine.** Those who cooperated with British intelligence to organize massacres of Jews in Egypt, Iraq and Yemen, in order to force them to emigrate to Palestine, with the aim of creating from them – from the Falash Mura tribes and Russian immigrants – a people and a state who worship nothing but the gods of aggression, and obsolete myths and folktales... **The Palestinian Gaza nightmare haunts Israel – a nightmare in the form of a question: What if Gaza's 'genes' spread to the region and reach the Arabs, turning them into real Arabs, not obsolete Arabs, and real Muslims, not just an alleged nation? What if Gaza's 'genes' spread throughout the land, their range expands, and are realized in decisions, actions and cumulative influences on the ground? ...**

O Gaza... you are rising up and confronting [the enemy], and sowing death among the occupying Israeli enemy, for it fears that the slim chance of your genes spreading to the surrounding [Arab] nation will be realized. For then, you will change the face of the land. Allah will restore our rights and these Israelis will beat themselves for not having been sincere in their promises, alliances and negotiations, instead **becoming slaves of illusions and the model of Nazism, which makes them cry at night when they are stricken with nightmares. Yet in the morning, they become adorers of Nazism, and implement that barbaric model on the flesh of our children.**"

[*Al-Hayat Al-Jadida*, July 26, 2014]

*Note: The Falash Mura are descendants of Ethiopian Jews who converted to Christianity. In 2003, the Israeli government passed resolution 2948, granting Ethiopian descendants of Jewish mothers right to emigrate to Israel. Since then Israel has helped bring most of the Falash Mura to Israel.*

**Official PA daily: Israelis are the "Tartars and Nazis of our times," who dig ditches for Palestinian bodies**

*Headline: "Woe to the makers of the pit (of fire)" [Surah 85:4, trans. Yusuf Ali]*  
"Palestine, the heart of this entire world, is still shrouded in smoke... The **degraded [Israeli] savages, the Tartars and Nazis of our times**, have no future unless the [Palestinian] nation is destroyed, leaving no survivors except for traitors, fools and those who are submissive... The disasters befalling us in this blessed land help to clarify the Surah of the Constellations [chapter in the Quran]... The scene [in the Surah] involved the ancient Christian believers ... The Quran provides no details about the story, [which] is the summary of a tale about a group of evil men who dug and plowed ditches in the ground, lit raging fires in them and gave the believers [Muslims] a choice between

being burned alive and renouncing their faith... In Palestine, they [Israelis] have dug ditch after ditch for us... There is a struggle [going on] between those who carry in their hearts the right [to Palestine], the truth and the cause, and [Israelis] despised creatures devoid of human feelings, who mock man's right to life and liberty. They are armed by the US and imperialism, who helped them produce and market weapons, and to obtain nuclear warheads, with full impunity."

**PA libel: The "new Nazis in the Israeli government of death" use "white phosphorus and all existing types of poisons and biological and chemical weapons"**

"The warplanes, battleships, and tanks of the Israeli army of death left no place untouched by their burning fire, bearing thousands of tons of dynamite, **white phosphorus, and all existing types of poisons and biological and chemical weapons** (Note: *There have been no credible reports of Israel using white phosphorus or biological or chemical weapons in the 2014 Gaza war*). Nothing is forbidden in the dictionary of the rogue State of Israel, and there are no moral, ethical or legal criteria in its insane war. All the cities, villages, homes, institutions and agricultural farms of the Palestinian 'gentiles' were included in the target bank of the chorus of **new Nazis in the Israeli government of death**. Isn't it time that the world and those who advocate peace, democracy and human rights act to stop **the Israeli Holocaust war?**"

[*Al-Hayat Al-Jadida*, July 26, 2014]

*Israel announced in 2013 that it was discontinuing the use of white phosphorus smoke shells. *Op-ed by PA Parliament Member and former PA Minister of Prisoners' Affairs Issa Karake*

"'Scum.' This is the word with which the American CNN reporter managed to describe the Israeli barbarity and savagery, and the war crimes [committed] against the residents of the Gaza Strip..."

**Robotic soldiers from hell, burning with extremism like fiery devils, possessed by the culture of murder and death.** Scum is what this Hebrew state is, which tears to shreds the body parts of women and children and commits genocide... Scum is what these [people] are, who brought blood and swords to this land, after having deceived the world as victims of the Holocaust, but who did **more evil and more horrifying things than what happened in the Nazi crematoria...** **Scum is what this Hebrew state is, which has become a Holocaust state.** It has opened its gates to the death factories, and its criterion for heroism has become the number of Palestinian dead... Scum is what this state is, which claimed it was being established as a refuge for the Jewish people, while today it is the least safe place for Jews. It gathered them inside a military camp, not a state, and turned its people into sentries, snipers and hit squads. It is morally and legally corrupt, and is rapidly advancing toward fascism. It sanctifies death more than life."

### **Member of PA Parliament: Israel murdered more children than were murdered in the Holocaust**

*Headline:* "Karake: 'The occupation has murdered more children than were murdered in the Holocaust'"

"[PA] Parliament (Legislative Council) Member Issa Karake described Israel as **a Holocaust state that sanctifies death**, loathes peace and coexistence, and is turning into a racist and fascist state in the region... He said that **since 1948, Israel has murdered over two million Palestinian children**, in addition to those that were expelled, orphaned or afflicted with diseases and mental disorders due to the ongoing aggression and wars against, and occupation of, the Palestinian people, **while the number of Jewish children murdered in the Nazi Holocaust, according to Israel, did not exceed a million and a quarter**... In addition, he said that the scenes of massacre in the neighborhood of Shuja'iya [in Gaza] **reminded the world of the residents of Hiroshima and Nagasaki in World War II, after the atom bombs had been dropped on them.**"

### **Official PA daily: Israel "perpetrates the most heinous forms of Holocaust against the Palestinian people"**

*Op-ed by Omar Hilmi Al-Ghoul, columnist for official PA daily*

"There is not a single Palestinian patriot who opposes any form of resistance, especially armed resistance. the Israeli occupation and aggression state refuses to accept the option of peace and the two-state solution according to the June 4, 1967 borders, [but instead] launches one war after the other, **invades and perpetrates the most heinous forms of Holocaust against the Palestinian people in the West Bank, Gaza and the diaspora.**"

[*Al-Hayat Al-Jadida*, July 23, 2014]

### **Official PA daily: "The Israeli Death and Holocaust State" uses "phosphorus bombs and biological" warfare**

*Op-ed by Omar Hilmi Al-Ghoul, columnist for official PA daily*

"**The Israeli Death and Holocaust State has murdered the hope for a better future.** It has spread the darkness of its brutality and barbarity everywhere, and has not left a single home, street, school or playground safe. **It has polluted the air and the water. Their phosphorus bombs and biological [weapons] (Note: There have been no credible reports of Israel using white phosphorus or biological or chemical weapons in the 2014 Gaza war) have seeped into the groundwater wells, poisoning the water and causing epidemics** and contagious and non-contagious diseases. In this way, a war of annihilation is going on, as [Israel's] war is not limited to missiles and shells, but manifests itself in murder through other methods and means as well."

I think that **by calling Israel Nazi, sadist and fascist for its present actions, we are letting it off lightly**... I think that if Hitler would rise from his grave and see the images of Al-Shifa Hospital, Shuja'iya, Beit Hanoun, Beit Lahia and Al-Atara (neighborhoods and cities in the Gaza Strip), he would be ashamed."

It ignored the catastrophic results of this **new Holocaust war**, which has Martyred and wounded 3600... Israel, the rogue state, which is still blackmailing Germany, Europe and humanity with the Holocaust that the Germans perpetrated against the Jews during World War II, is now **reenacting the Holocaust against the Palestinian Arab people, and flinging its neo-fascist flames at the Palestinians, the Arabs and the world.**"

**Deputy Secretary of the Fatah Central Committee Jibril Rajoub:** "Never before this assault - not in 2012, not in 2008 and not in all our history - did the occupation have the courage to carry out **mass extermination as the Nazis did in Europe in the 1940s**, while the world remains silent... [Israel] also say that it is **one percent of what Hitler did**. Fine? Let it also say so. **Let it admit that it is doing to the Palestinians - sorry for the expression - what Hitler did to them [the Jews]."**

**Official PA daily: Israel perpetrates "dozens of massacres and Holocausts against our people"**

*Op-ed by Fatah Revolutionary Council member Bakr Abu Bakr, regular columnist for official PA daily*

"The Palestinian people, including all its factions, are taking a stand against the escalating Zionist aggression, which began when the Israeli regime took advantage of the disappearance and later killing of the three settlers (i.e., kidnapping and murder of three Israeli teens). The Israeli government initiated a campaign of racist incitement and sedition... But the fruits of the Zionist incitement may have gone beyond Netanyahu's exact intentions... The barbaric Martyrdom of the youth Muhammad Abu Khdeir (i.e., the kidnapping, murder and burning of a Palestinian boy by three Israeli extremists in revenge for the killing of the three kidnapped Israeli teens) forcefully evoked the meanings of oppression linked to the 'burning,' which is annually celebrated by the Israelis, what they call '**Holocaust**' -**which was perpetrated against the Jews of Europe... by the greatest Nazi. And here they [Israelis] are, performing the same act, with dozens of massacres and Holocausts against our people in Palestine,** from the *Nakba* (i.e., 'the catastrophe,' Palestinian term for the establishment of the State of Israel) till today."

**Official PA daily: Hitler is "applauding" Netanyahu, whose actions prove that Hitler's "death was not fruitless"**

"Whoever loves life wishes it for everyone, and does not differentiate between one life and another, [as though] his life were precious and that of his fellow [man], worthless. **He [Netanyahu] thereby confirms the Talmud's teachings, [according to which] killing**

**others – the insects (gentiles) [parenthesis in source] – is a good thing.**

Netanyahu's terrible racism cannot but be mixed with inhumanity, which is passed down as the ideology, culture and values of excluding others – [values] which maintain the imagined 'purity of race'... This has caused **Hitler's Nazism – which he used against all his enemies, including the European Jews – to score a stunning victory today through Netanyahu's actions, for which Hitler is applauding him joyously, since [they prove that] his death was not fruitless.**"
